Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, March 10, 1903.

To the Senate of the State of California:

I have the honor to respectfully return herewith, without my approval, Senate Bill No. 236, together with my reasons therefor.

This bill amends Section 3521 of the Political Code, relating to the time when patents to lands purchased from the State shall issue. The proposed amendments, in so far as they provide for a four weeks' publication of notice of intention to apply for a patent to State lands before such patent shall issue, seem to my mind to be a salutary addition to the law as it now stands. But the following amendment has also been added to this section:

"The provisions of this section shall not apply to tide lands, nor lands uncovered by the recession and drainage of the waters of inland lakes subject to sale under the Act of March 24, 1893, or to applications filed prior to the passage of this Act."

This would allow patents to all tide lands (which include water-front lands between high and low tide), and to all lands uncovered by recession and drainage of inland lakes, to issue without giving any public notice or waiting one year after approval of the survey by the Surveyor-General.

No sufficient reason has been given for this exemption of tide lands and lake lands from the provisions of this section.

I therefore disapprove this bill, and return the same without my signature.

GEO. C. PARDEE,
Governor of the State of California.

The question being, "Shall the bill become a law notwithstanding the objections of the Governor?"

The roll was called, and the Governor's veto to Senate Bill No. 236 sustained by the following vote:

AYES—None.

NOES—Senators Bauer, Belshaw, Bunkers, Byrnes, Caldwell, Coggins, Curtin, Diggs, Emmons, Flint, French, Hahn, Hubbell, Knowland, Lardner, Leavitt, Luchsinger, Lukens, Nelson, Oneal, Pendleton, Ralston, Rowell, Sanford, Savage, Selvage, Shortridge, Tyrrell of San Francisco, Ward, Williams, Wolfe, and Woodward—32.

MR. PRESIDENT: Your Committee on Finance beg leave to report that, pursuant to a resolution adopted by your honorable body authorizing them to employ an expert, they engaged Knight & McLaren, expert accountants, of San Francisco, and that, under the direction of the committee, the said experts have examined the affairs of the California State Agricultural Society, and have submitted to your committee the following report:

SAN FRANCISCO, March 6, 1903.

To the Honorable the Finance Committee of the Senate of California, Sacramento:

GENTLEMEN: In fulfillment of your instructions to investigate the financial position and business methods of "The California State Agricultural Society," we proceeded to their office in the Pavilion, and after a careful examination beg to hand you the following report:

I.

The Society on the 1st of February, 1899, had, according to their books, a deficiency of	\$25,505 13
The State Fair and other business of 1899 left a profit of	1,859 28
Reducing the deficiency to	\$23,645 85
In 1900, on the contrary the State Fair business resulted in a loss of	12,964 64
Increasing the deficiency to	\$36,610 49
In 1901 the loss was	11,607 49
Increasing the deficiency to	\$48,217 98
In 1902 the loss was	12,720 72
Deficiency as per profit and loss account	\$60,938 70

But this must be increased by nearly all of the \$12,615.31 of entrance dues, which are reported by the acting Secretary to be uncollectible, besides other small losses.

These items will be referred to again.

The gate money collected at the yearly State fairs being by far the most important item of receipts, we present the following table showing the effects of reduced gate receipts on the profit and loss account:

Gate Receipts.

1899	\$42,524 00	Profit	\$1,859 00
1900	35,068 00	Loss	12,965 00
1901	32,766 00	Loss	11,607 00
1902	36,636 00	Loss	12,720 00

This table shows that the business is of a highly speculative nature, and with less than \$40,000 gate receipts, loss is a certainty.

The Society, therefore, having begun the year 1900 with a deficiency of	\$23,645 00
And having lost during the years 1900, 1901, 1902 the further sum of	37,293 00
And having further failed to collect entrance dues amounting to	12,616 00
And further minor expenses and losses	1,243 00

Making a total deficiency of

\$74,797 00

Has suspended payments, and ought as a natural and necessary consequence to refrain from further speculative business, realize the existing assets to pay the existing debts, and then reorganize on a healthier financial basis.

All this is, in our opinion, practicable, as we will now endeavor to show.

II.

The liabilities on February 28, 1903, shown on the books were.....	\$74,863 99
(Of which \$25,000 is secured by a lien on the real estate of the Society.)	
There is further a note given on behalf of the Society to secure a piece of ground to increase the area of the cattle show.....	7,110 00
Total liabilities.....	\$81,973 99
As interest runs during liquidation, we allow 6% for this.....	4,918 44
Total, if liquidated within one year.....	\$86,892 43

III.

The assets as shown by the books are as follows:

	Estimated Real Value.
Cash:	
In coin	\$66 08
In tags or overdrafts, etc.....	851 54
Balance as per books.....	\$917 62
But, of this we only admit as of real value the coin	\$66 08
Bank account overdrawn.....	
Other associations: \$165.50 in arbitration.....	
Entrance dues unpaid: \$12,616.31.....	

We annex analysis of this account, showing that items as old as 1891 have to be included to reach this total. On February 1, 1898, \$2,273.33 was written off to profit and loss. Since then nothing, although such debts become outlawed in two years.

We desire to call attention to a still more extraordinary fact shown in the analysis, namely, that whilst the entrance dues were practically paid in full in 1900 and 1901 (with a little to the good to pay arrears), in 1902 not a single dollar of the \$3,270 entrance dues has been paid up to the date of this report. We annex a list of the names. The Society should investigate whether this branch is efficiently conducted.

Real value for liquidation of assets shown in books..... \$66 08

Although not entered on the books, the Society owns in fee simple (as per paragraph 5 of judgment annexed) the Agricultural Park, Sacramento. At the suit of the California State Agricultural Society, Judge Matt F. Johnson, of the Superior Court of the County of Sacramento, ordered as follows on the 19th day of October, 1898:

"(a) That all the real estate described in the complaint herein and hereinafter particularly described be sold by said W. E. Gerber, who is hereby appointed commissioner for that purpose, and that said real property shall be sold in the following manner:

"1. The said commissioner * * * shall give and furnish a bond for \$90,000," and paragraph 7 of the same document states that the Society has deposited in escrow with the State Treasurer of California a good and sufficient deed vesting the title in the State of California.

Taking the amount of the bond as a conservative valuation of the property at the present time, we have..... \$90,000 00

Total assets..... \$90,066 08

Deduct total liabilities..... 86,892 43

Surplus for expenses..... \$3,173 65

You will note from the foregoing that we have not attempted a thorough verification of all the details of the books. To do this exhaustively would have required at least two weeks longer.

We are, gentlemen, yours very respectfully,

A. KNIGHT.
N. McLAREN.

That it is for the best interests of the plaintiff that the said real estate should be sold.

9.

That W. E. Gerber is a fit and competent person to act as Commissioner and make the sale hereinafter ordered, and that the sum of ninety thousand dollars, lawful money of the United States, is the proper amount for an undertaking to be given by him, with two or more sureties, or a bond in said amount by some company, corporation, or association authorized by law to give bonds in legal proceedings, to be approved by the Judge of this Court, for the faithful performance of his duties as such Commissioner.

The day last referred to must be at least fourteen days from the first publication of the notice and the sale must not be made before that day, but must be made within six months thereafter. That immediately upon the expiration of the said notice of sale, the said Commissioner shall open all the said bids or offers, and tabulate the same, and thereupon shall sell the said real property hereinafter described to the highest and best bidder therefor, subject to confirmation by the Superior Court of the County of Sacramento; provided, however, that if the aggregate bids for all the lots in any subdivision as hereinafter described shall not exceed the bid or offer for such subdivision, then the said sale shall be made to the person offering the best and highest price for such subdivision, and immediately upon the said sale the said Commissioner shall make a verified report of

sales to this Court in conformity with law, and thereafter such proceedings shall be had as is provided in the Act of the Legislature, approved February 25, 1897, and hereinabove referred to, and the proceeds thereof shall be paid and applied in accordance with the said Act and the further order of this Court.

EXPLANATION OF VOTE.

I voted in favor of the reconsideration of the vote whereby Assembly Bill No. 517 was passed, because on yesterday I had the following amendment to offer, which was shut out by a motion made and carried, calling for the previous question, and which precluded my presenting the amendment. It provides a new subdivision to Assembly Bill No. 517 in behalf of the laboring classes, and is as follows:

"Subdivision 8. To prevent or restrain, for any cause whatever, any person, persons or organized body of persons, from quitting the employment of any person, firm or corporation or association at any time; or from peaceably soliciting others to quit any employment."

If the Legislature desires to limit the law under which injunctions may issue, I most certainly desire that it be limited in this regard.

Respectfully submitted.

F. W. LEAVITT.

The following communication was received by the Secretary and ordered printed in the Journal:

UNITED STATES SENATE, }
WASHINGTON, D. C., March 6, 1903. }

HON. FRANK J. BRANDON, *Secretary Senate, Sacramento, California*:

MY DEAR BRANDON: I am in receipt of your telegram of the 5th inst., giving text of the resolution relative to the construction of battleships in the U. S. navy yards, and would state that in the conference committee, of which I was a member, I strongly urged that this course be pursued. The committee was so far convinced of the justice of the plea, that, as you will see from the inclosed report, which was incorporated in the amended bill, the Secretary of the Navy may, at his discretion, order the ships author-

ized to be built in the navy yards. I would further state that I have from Secretary Moody good reason to hope that one of the smaller battleships will be given to Mare Island, or a training ship at least. Yours very truly,

GEO. C. PERKINS.

(Inclosure.)

"That for the purpose of further increasing the naval establishment of the United States the President is hereby authorized to have constructed, by contract or in navy yards, as hereinafter provided, three first-class battleships carrying the heaviest armor and most powerful ordnance for vessels of their class upon a trial displacement of not more than 16,000 tons, and to have the highest practicable speed and great radius of action, and to cost, exclusive of armor and armament, not exceeding \$1,212,000 each; two first-class battleships, carrying the heaviest armor and most powerful ordnance for vessels of their class, upon a trial displacement of not more than 13,000 tons, and to have the highest practicable speed and great radius of action, and to cost, exclusive of armor and armament, not exceeding \$3,590,000 each; two steel ships, to be used in training landsmen and apprentices, to be propelled by sail, and to cost, exclusive of armament, not exceeding \$370,000 each; one wooden brig, to be used for training landsmen and apprentices at stations, to be propelled by sail, and to cost, exclusive of armament, not exceeding \$50,000.

"And the contract for the construction of each of said vessels shall be awarded by the Secretary of the Navy to the lowest best responsible bidder, having in view the best results and most expeditious delivery; and in the construction of all of said vessels the provisions of the Act of August 3, 1886, entitled "An Act to increase the naval establishment," as to materials for said vessels, their engines, boilers, and machinery, the contracts under which they are built, the notice of any proposals for the same, the plans, drawings, specifications therefor, and the method of executing said contracts, shall be observed and followed, and, subject to the provisions of this Act, all said vessels shall be built in compliance with the terms of said Act, and in all their parts shall be of domestic machinery; and the steel material shall be of domestic manufacture, and of the quality and characteristics best adapted to the various purposes for which it may be used, in accordance with specifications approved by the Secretary of the Navy; and not more than two of the five battleships provided for in this Act shall be built by one contracting party; *provided further*, that the Secretary of the Navy may build any or all of the vessels herein authorized in such navy yards as he may designate, and shall build any of the vessels herein authorized in such navy yards as he may designate, should it reasonably appear that the persons, firms, or corporations, or the agents thereof, bidding for the construction of any of said vessels, have entered into any combination, agreement, or understanding, the effect, object, or purpose of which is to deprive the Government of fair, open, and unrestricted competition in letting contracts for the construction of any of said vessels."

And the Senate agree to the same.

Amendment numbered 73: That the House recede from its disagreement to the amendment of the Senate numbered 73, and agree to the same with an amendment as follows: On page 69 of the bill, line 12, after the word "tested," strike out the word "before"; and the Senate agree to the same.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, March 14, 1903. }

To the Senate of the State of California:

GENTLEMEN: If you will permit me, I desire, at the close of the thirty-fifth session of the Legislature, to express to you my official and personal thanks for the many kindnesses and courtesies you have extended to me during the past seventy days. Our intercourse has been most pleasant, and I shall always carry in my memory the pleasantest recollections of the weeks that we have spent here together.

The State, too, is to be congratulated on the results of your labors. Your earnest, conscientious efforts have, I am convinced, produced good legislative fruit. And while both the Legislature and the Executive have, of course, committed mistakes, both of omission and commission, still, I am sure, the interests of the people of the State have not suffered at your hands.

Gentlemen, in bidding you an official farewell, I do so hoping that our relations may continue in the same pleasant lines in which they have heretofore been cast. And I hope, also, to have your personal friendship. Believe me, I am at your service, and earnestly request your good offices at all times.

GEO. C. PARDEE,
